The ACADEMY OF DENTISTRY, formerly the Toronto Dental Society, has been functioning continuously since 1889. It has provided leadership and service to both the profession and the community, and will continue to do so in the future.

The OBJECTS of the Academy are:

1. Advancement of the art and science of dentistry.
2. To promote the highest ideals of dental practice.
3. Cultivation of harmony and good fellowship among its Fellows, and among the members of the dental profession generally.

Some of the specific services provided are as follows:

1. The Annual WINTER CLINIC.
2. After hours EMERGENCY TREATMENT service for the public.
3. The Annual INFORMATION BOOK, a directory of dental organizations.
4. The LADIES' AUXILIARY, which provides support for worthy dental projects, and various fellowship activities.
5. PUBLIC RELATIONS, a secretary to answer the public's queries and complaints.
6. An ELECTED COUNCIL, representing all Metro Toronto dentists and their local component societies.
7. CO-ORDINATION of dental and fellowship functions within Metro Toronto.
8. DENTAL MEETINGS with excellent programs and clinicians.
9. Assistance in formation of new STUDY GROUPS.
10. HONOURARY MEMBERSHIP to recognize outstanding dentists.
11. ARCHIVES for historical dental information.
12. Fellowship activities such as the Annual GOLF TOURNAMENT and CURLING BONSPIEL.
13. MEDIATION services for the public.
14. COMMUNICATION with dental auxiliary organizations.
15. LIAISON with local government and other community groups.
16. Provides an ASSOCIATE PLACEMENT service.

**THIS IS OUR ACADEMY.  
KEEP IT STRONG.  
SUPPORT IT, AND ENJOY IT.**

## **DR. JAMES T. HING**

Dr. James Toi Hing received his B.A. from McMaster and his D.D.S. from McGill University in 1955.

After graduating and establishing his general practice, Dr. Hing became a member of the Kinsman Club and the South Peel Dental Society. He was on the Board of Governors of the Ontario Dental Association, President of the Chinese Dental Association in 1979-80, and Chairman of the Academy Winter Clinic Committee in 1983.

Dr. Hing is currently on the executive of the West Toronto Dental Society and is President of the Academy of Dentistry.

### **PRESIDENT'S MESSAGE**

The growth and development of dental health care is brought about by the social and technological pressures of the 1980's. The goals of the Academy of Dentistry are interrelated with responding to new challenges.

Study Clubs and the Annual Winter Clinic provide us with the opportunity to broaden our knowledge with comprehensive programmes, seminars and exhibits, making it possible to fulfill the goals and demands of society.

The Academy is committed to make dental health care more accessible to the community by providing a day-time referral service and an after-hours emergency service.

Provision is made for members to obtain information regarding all facets of dentistry, and when required, to obtain the services of the Mediations Committee to act on their behalf as an intermediary.

The Annual Golf Tournament and the Curling Bonspiel bring together fellow members of the profession for a day of mutual communication and enjoyment.

It is up to us individually to actively participate to sustain our professional standing, keep up-to-date with recent trends and at the same time fraternize with fellow members of the Academy.

I anticipate working with you in the next year along with members of the Council, the Winter Clinic Committee, the Mediations Committee and the Executive Staff of the Academy.

James T. Hing, B.A., D.D.S.

## **MEDIATIONS COMMITTEE REPORT – 1984**

Not many years ago, a dental malpractice suit was a relatively rare occurrence. In the United States, dental malpractice lawsuits have evolved from occasional cases to those affecting one out of every ten dentists. Although these figures may not apply in Canada, it is disturbing to realize how many patients are dissatisfied with treatment received and consider legal action as a result.

Your Mediations Committee is attempting to prevent the escalation of patient complaints into legal problems. When a grievance is made to the Academy office, our capable secretaries listen carefully and many times are able to give the patient certain explanations and information that the dentist did not provide, thus solving many of the cases at the onset. If this cannot be done, the patient is sent a form which they must complete and return to our office. Upon receipt, the dentist against whom the complaint is lodged receives a copy and is asked to reply. The complaints committee now receives both sides and informs the patient and dentist of their decision. In many cases, the committee members spend hours justifying to the patient an action of a dentist, and the dentist involved has no inkling of the effort expended on his behalf.

The introduction of prepaid dental plans has led to the loss of a personal and professional relationship between patient and dentist, especially when the dentist chooses to accept assignment. Patients are therefore more apt to lodge a complaint when treatment is not to their satisfaction.

Remember the golden rule: "Do unto others as you would have them do unto you." Tell your patients what the cost will be before treatment begins. Don't promise anything you cannot deliver and act in a warm and professional manner at all times. If everyone follows these ideas, the mediations committee will have fewer problems to deal with.

Gilbert Chapnick, D.D.S.  
Chairman, Mediations Committee

## **WHAT WILL HAPPEN TO YOUR OFFICE IF YOU ARE SICK OR DISABLED?**

### **ACADEMY OF DENTISTRY MUTUAL AID PLAN**

This is a group of dentists who will help a member of the group at a time of distress. Ideally, the group will number about twenty, but the number fluctuates as people join and leave. If you are a member of this group, and are unfortunate enough to be unable to practise because of illness or accident, the members of the group will take turns in operating your practice, with your auxiliaries, to a maximum of four days per week, for a number of weeks. This will provide service for your patients in case of emergencies, completion of treatment in progress and maintain the flow of recall patients.

Some of the benefits are, maintaining service availability to your clientele and employment for your auxiliaries as well as preventing the formation of a huge backlog of patients waiting for your return. If it becomes necessary for a practice to be sold, the plan can maintain the viability of the practice until the sale can be completed. The other members of the plan will come to your office one day at a time, on a rotating schedule. If the group numbers 20, the remaining 19 dentists would be responsible for about one day each, every five weeks for each disabled dentist. Fees are charged in the usual way at the stricken dentist's office, and the contributing dentist does not receive compensation.

This plan has been available for several years and has worked well to date for the stricken dentist. You might want to ask a friend or two to consider joining, or perhaps start a whole new group. A set of by-laws has been adopted, but they can be changed if the need arises.

Further details and a copy of the by-laws are available at the Academy office – 967-5649 or by calling Berril Garshowitz, 229 Yonge Street, Ste. 213A, Toronto M5B 1N9, telephone 368-3375.

## **EMERGENCY SERVICE**

In an endeavour to continue to serve the public and our profession, the Academy Council has undertaken a long and meaningful review of our Emergency Service.

The original purpose and goals of our service, set out in 1958 were re-evaluated and applied to our present patient needs and requirements. The outcome has produced a restructured and more efficient service which **is** meeting the present needs of our patients, and **you** the referring dentist.

We have a responsibility to our patients. We cannot always be available to meet our obligations.

I urge you to place our number with your answering service or on your answering machine. You will be pleasantly surprised with your patients' feedback.

**Our new hours are:**

**Monday – Friday  
6:00 P.M. – 1:00 A.M.**

**Saturday, Sunday & Holidays  
9:00 A.M. – 1:00 A.M.**

**Telephone: 924-8041**

During daytime hours the Academy office 967-5649 will refer patients to dentists who accept new patient and/or will try to see them on short notice.

Aldo D. Boccia, B.Sc., D.D.S.  
Chairman, Emergency Service

## **ASSOCIATE PLACEMENT SERVICE**

The Associate Placement Service continues to be an important part of the Academy's function in the Metropolitan Toronto area.

At the present time there are more dentists seeking placements than there are vacancies. We urge all those who require associates to call the Academy office with their requirements.

To facilitate the Placement Service, we would ask that you inform the Academy office once your requirements have been met.

## **UNITED WAY REPORT**

The United Way Campaign fell short of its goal this year and a little short of last years total contributions. The entire professional division, not only the dentists fell short of their goal, and the campaign has been analysed and will be restructured next year.

Our thanks go out to the many volunteers and donors and we sincerely hope you will continue to contribute to this very worthy cause.

Eva Saxell, D.D.S.  
Chairperson for Dentistry  
Professional Division  
United Way for Metropolitan Toronto
